August 26, 2009

Dear Friends of the EHS Band,

Welcome to the 2009-2010 school year! We invite you to support the Etowah High School Band program in its quest to provide students with unique and meaningful learning experiences through performance music. It is our belief that students need opportunities to develop leadership, character and other skills for success as an adult member of society. The Etowah High School Band Boosters has pledged to support those goals and is asking you to join in these efforts. The band program is more than an activity for high school students; it is essential to continued development of musicians for our community to support the future of music.

Attached is the Sponsorship Packages information, and the Sponsorship Program Agreement. These forms detail the benefits given for each level, and present an overview of this program throughout the year. Decide which package is best for you, and send in the completed agreement by September 6, 2009.

While we ask for your financial support, we also look forward to seeing you in the stadium stands – at one of our football games. Cheer on the EHS Football team, and watch the Band's new show "*A Day In The Park*" during half time. Sponsoring the Band enables you to support a group of over 80 terrific students, who enjoy what they do and are future leaders and musicians for our growing community.

Contact Pam McManus for additional ways you can connect to this program. Thank you for your consideration to be a Bronze, Silver or Gold Sponsor, friend and supporter of the EHS Marching Eagle Band!

Kim Shoemaker  
Corporate Sponsorship Chairman
